

Strategy	Bulk signal search range	Final state	Categorisation
low mass	$550 \leq m_{ZV} \leq 1400$ GeV	$ll + V(1 \text{ or } 2 \text{ jets})$	Hadronic V type b tagging criteria
high mass	$800 \leq m_{ZV} \leq 2500$ GeV	ll (close by lepton effects) + $V(1 \text{ jet})$	V tagging criteria
