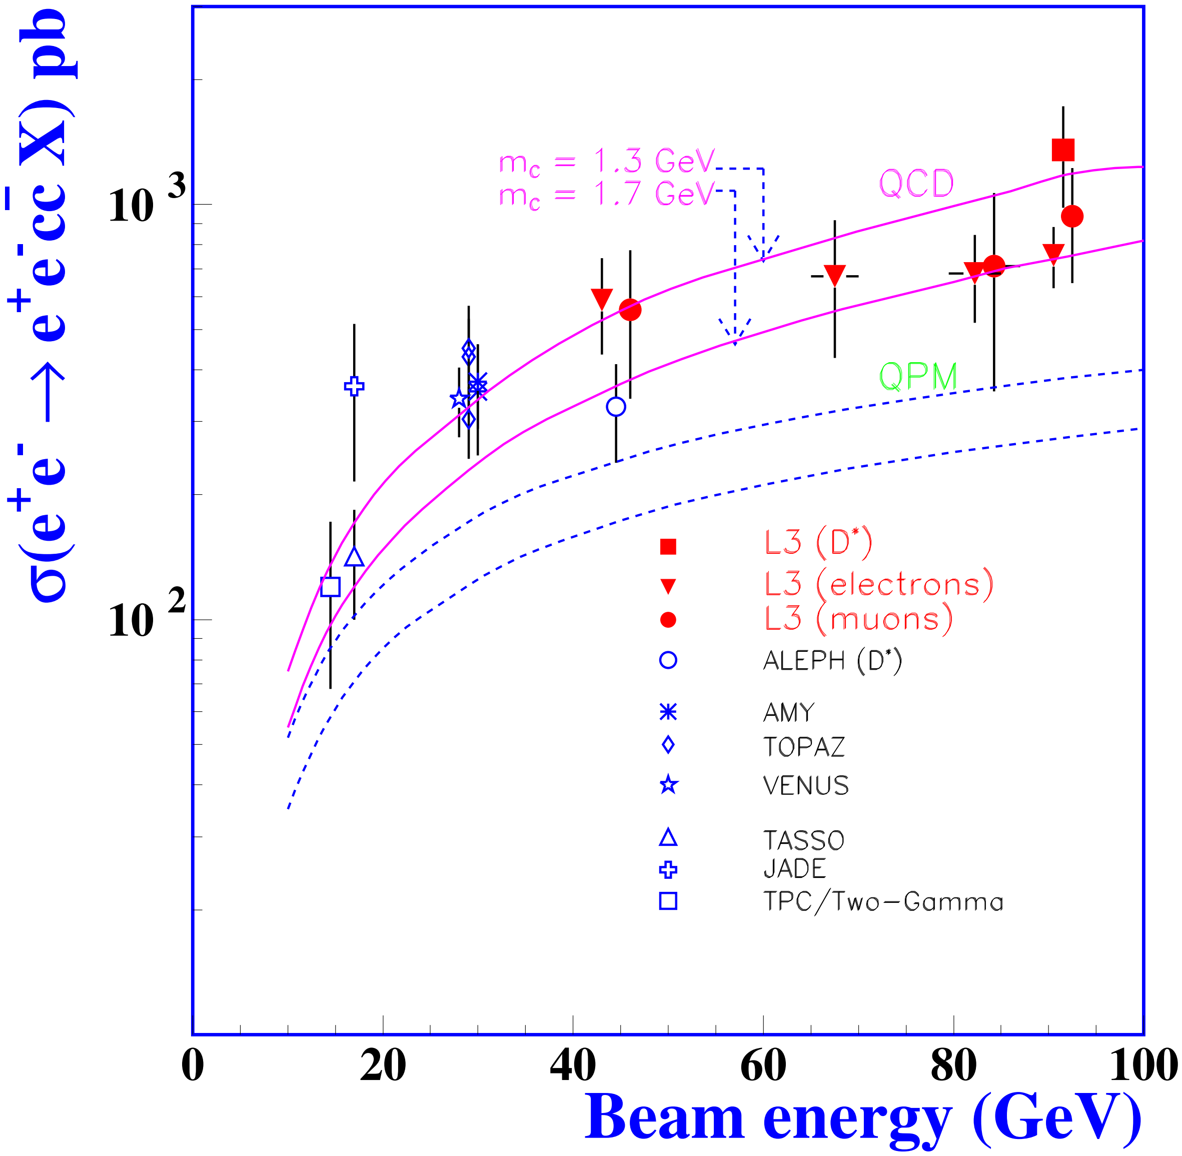
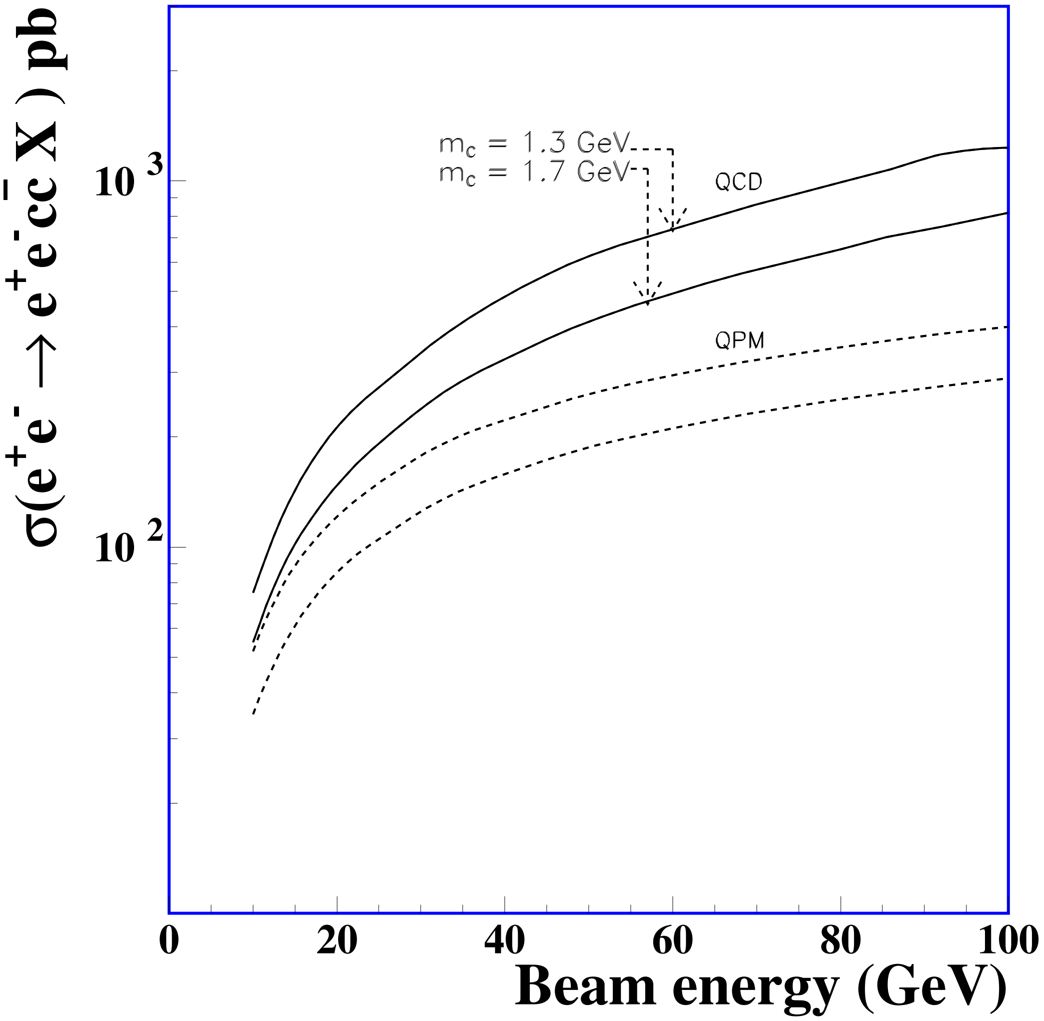
$ee \rightarrow ee c\bar{c}$ cross sections

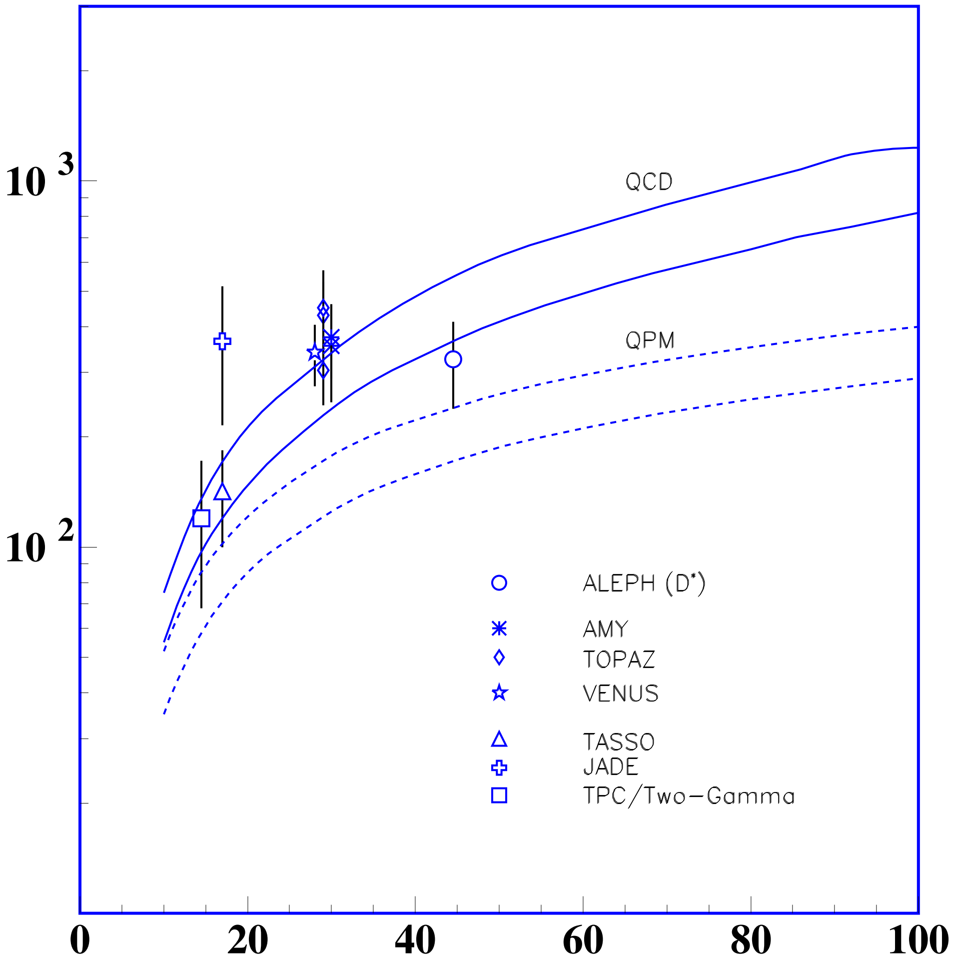
$ee \to ee c\bar{c}$ cross sections





Theory calculations are implemented in GGHV01 generator by A.Finch, M.Kramer, J.Zunft and P.M. Zerwas (GRV photon structure function)

Published data



The published values have been extrapolated to get consistent values of the cross-sections (Table 6 pg 334 of Physics at LEP2 CERN 96-01)
