Name	Description	Origin
Track	Number of tracks reconstructed in the VELO in a fiducial volume	software reconstruction
TrackNR	Number of tracks reconstructed in the VELO not restricted to a fiducial volume	software reconstruction
Vertex	Number of vertices reconstructed in the VELO in a fiducial volume	software reconstruction
VertexNR	Number of vertices reconstructed in the VELO not restricted to a fiducial volume	software reconstruction
Muon	Number of muon tracks reconstructed in the muon system	hardware trigger unit
PU	Number of hits counted in the PU	hardware trigger unit
SPD	Number of hits counted in the SPD	hardware trigger unit
ECalo	Energy deposition in the calorimeters	hardware trigger unit
Calo	Both SPD and ECalo over threshold	software reconstruction
