

ETICS Web Application

The ETICS Web Application allows managing projects and components registered in the ETICS database and submitting remote builds and tests to the ETICS build & test infrastructure.

The ETICS Web application is currently supported only Mozilla Firefox v. 2.0 or greater and Internet Explorer 6 or greater. However, please note that problems with certain JavaScript commands have been reported on MacOS

URL

You can use the web application here:

- CERN Production server: <https://etics.cern.ch/eticsPortal>
- CERN Test server: <https://etics-test.cern.ch/eticsPortal>
